PROFESSIONAL SUMMARY

Full Stack Developer (.NET / Angular) with a Bachelor's degree in Management Information Systems — and a genuine love for turning ideas into real, working products. Every project is a chance to dig deeper into C#, ASP.NET Core, Entity Framework Core, SQL Server, and Angular, and push a little further than the last one. Driven to grow fast, take on real challenges, and build things that actually matter to the people who use them.

TECHNICAL SKILLS

- Backend: C#, ASP.NET Core MVC, ASP.NET Core Web API, Entity Framework Core, LINQ, RESTful APIs, OOP
- Frontend: HTML5, CSS3, JavaScript (ES6+), Angular, Bootstrap 5, Tailwind CSS
- Database: Microsoft SQL Server, Database Design, T-SQL basics
- Version Control: Git, GitHub
- Tools & IDEs: Visual Studio, Visual Studio Code, Postman, Browser DevTools, Figma (basic)
- Concepts: MVC Architecture, Responsive Design, Flexbox, CSS Grid, Clean Code Practices

SOFT SKILLS

Problem Solving • Teamwork • Fast Learner • Attention to Detail • Time Management

WORK EXPERIENCE

Full Stack .NET Development Trainee | Digital Egypt Pioneers Initiative (DEPI) *2025 – 2026*

- Completed 300+ hours of full-stack web development training using ASP.NET Core, C#, Entity Framework Core, and Microsoft SQL Server on the backend, integrated with Angular on the frontend.
- Built and consumed 3 RESTful APIs end-to-end, connecting an Angular client to a .NET backend to deliver complete, functional web applications.
- Applied MVC architecture and relational database design across 4 guided practical projects.

Frontend Web Development Trainee | National Telecommunication Institute (NTI) — Creativa *2025 – 2026*

- Completed hands-on training in core frontend fundamentals across HTML5, CSS3, and JavaScript over 8+ weeks.
- Practiced modern web development tools and workflows across 10+ guided exercises.

CERTIFICATIONS & TRAINING

Frontend Web Development Track | Route Academy *2025 – 2026*

- Completed a 6-month track covering HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, and Angular.
- Delivered 5+ practical assignments and real-world mini projects.

Digital Skills Program | ITIDA GIGS — Egyptian Government Training Program *2025 – 2026*

- Completed a structured 4-week freelancing and digital project management program.
- Developed practical technical and professional skills across 5+ hands-on modules aligned with market requirements.

PROJECTS

E-Commerce Management System (Full Stack) | ASP.NET Core Web API, EF Core, SQL Server, Angular

- Built a full-stack e-commerce platform with a RESTful API backend covering 3 core modules (products, categories, orders) and an Angular frontend consuming the API.
- Modeled a relational database with 5+ tables using Entity Framework Core, implementing full CRUD operations for product and order management.
- Implemented cart and checkout logic across a 3-step purchase flow, with clean separation between the API layer and the client UI — enabling end-to-end order placement for store visitors.

Task Management System (Full Stack) | ASP.NET Core MVC, EF Core, SQL Server

- Developed a task management application supporting create, assign, update, and track workflows across 4 entities through a RESTful API.
- Designed a relational database schema with 6+ tables and implemented data access using Entity Framework Core.
- Built a responsive interface across 5+ views consuming the API to display task data dynamically — giving users real-time visibility into task status and progress.

Yummy – Food & Restaurant Website | HTML5, CSS3, JavaScript (ES6+)

- Developed a dynamic food and restaurant website displaying meals across 6+ categories and recipes.
- Integrated a third-party food API to fetch and display 100+ real-time recipe records with dynamic filtering.
- Built interactive search and category features across 4 filter types using JavaScript DOM manipulation.

E-Commerce Website (Frontend) | HTML5, CSS3, JavaScript, Bootstrap / Angular

- Built a fully responsive online store with 10+ product listings, shopping cart functionality, and dynamic filtering — deployed live on Vercel.
- Implemented a clean, mobile-first UI design across 5+ pages with smooth user interactions.

Personal Portfolio Website | HTML5, CSS3, JavaScript, Angular

- Built a professional portfolio site showcasing 5+ personal projects and technical skills.
- Implemented smooth navigation across 4+ sections, animated transitions, and a fully responsive layout — deployed live on Vercel.

EDUCATION

Bachelor's Degree — Management Information Systems | Cairo Higher Institute for Management Information Systems, Cairo, Egypt *Graduated 2025*
